GONE FAR ENOUGH.

We are voicing the sentiment of the people of this section of Oregon when we declare that the confusion and turmoil and discredit of the remarkable attitude of the Republicans in this State toward the Democracy, has gone far enough; that the decency and dignity of Republican Oregon calls a halt and for the thought of readjustment and redemption within the lines of that party.

Blanket the past; and draw a line of demarcation that shall gradually clear the field of ambiguity and restore the partisan balance, to the strength and honor of the State at home and abroad, and especially abroad; for we may be able to smother our own sense of the inequities and palliate our own folly and adversities, but we have no right to covet nor demand the respect of our fellows on the outside so long as we adhere to the absurd and false premise we have set up.

Of what possible advantage will the election of Geo. E. Chamberlain to the United States Senate be to the State of Oregon? He will be simply another cipher in the minority at Washington; he is not statesman enough to rise above his associates there; he can achieve nothing for us; he will not represent us in the real sense of the term even if the last man in Oregon had voted for him, simply because he will not be of the commanding majority that does things and gets things. He has had his share of honors at the hands of men to whom he is politically diametrically opposed by every experience and instinct of his life, and he may drop with decency and safety and justice.

We know, with measurable certainty, that the man who goes to Washington next winter from this State, is to be a Portland man; but we still insist that even if it be a Portland man, he must be a Republican and the biggest and brainiest of the lot; a man who will take a place of command on the instant he takes his seat in the Senate; a man who will be observed, honored, looked up to, waited upon; whose word and warrant will pass current with the masters in state-craft, who will have influence and prestige from the moment the toga falls on his shoulder. With such a man in the upper branch of the National congress; with Hon. Charles W. Fulton in the cabinet (and we believe things are shaping themselves to that end), Oregon would again hold conspicuous and definite place in the realm of governmental power and influence, and the partisan at home would have proud and justifiable predicate for realigning himself, and working, honestly and honorably, to the nobler ends of party amelioration and achievement.

Speaking, again, for the clean and conservative Republicans of this part of the State, we say, that if the new Senator from Oregon must come from Portland, in the interest of all we have pleaded, send Hon. Harvey W. Scott there, and save the situation at once and for all time. He is none too old to wind out a splendid career at Washington; he has won the best and highest reward within the gift of Oregonians; he would be strong and helpful and commanding as any man in the group of 92 delegated there; he is of the ultra type of our best men, and his election would crown the noblest ambition of his long and useful life and inspire him to the greatest and finest work of that life.

GET DOWN TO BUSINESS.

This is the year in which Astoria must do a lot of reasoning and safe thinking. Events and men have thrust upon her a number of important propositions, the mis-handling of which will prove very disastrous; and all are to be settled at the December polls. We are taking time by the forelock and shall constantly urge the wisest treatment of the larger issues and help acquaint the people with the essentials that demand their deepest interest and in doing this we

shall be actuated by no spirit of politics or partisan rivalry, but upon the simpler and straighter hypothesis of the good of Astoria.

It must be remembered that there are 13 councilmen to be elected as well as the complete official staff of the city; that the water commission is to be elected, de novo, and that there are a number of exceedingly serious charter amendments to be treated. All of which should invoke the best public concern, and this may not be attained without the most active and intelligent thinking on the part of the honest citizen to whom the future of Astoria is something more than the present and paltry success of some of her people.

One by one we are going to take up the cardinal matters and discuss them from the standpoint of utility and the conservation of the best municipal standards; and to this end we cordially invite communications apropos of those things that appeal strongest to the individual sense of the elector and which are charged with the greater elements of interest and value.

SHOEING THE COBBLER.

It occurs to us that the most righteous demonstration to be made with the new law of public recall just passed by the people, is to apply it in the summoning of its author, sponsor and champion, United States Senator Jonathan Bourne, Jr., from place and function at Washington. There is no juster nor more expedient method of testing the efficacy of the mandate; and its instant success might make it even more palatable than it appears to have been at the recent polls. At all events, it would try out the faith of the Senator in his newest legal creation, and afford a line of amusement for the people at large for sometime to come.

EDITORIAL SALAD

The new British armored cruiser Indomitable has a record of 28 knots an hour, must be the fastest of any naval vessel. In warships, as in the passenger liners, the turbine engine is making good.

Our one warship on the lakes is now engaged in recruiting, but the commander knows better than to allow himself to be overwhelmed by putting up a sign that men are wanted to go around the world on the Pacific fleet.

One of the latest Socialist platforms demands the abolition of the Supreme Court, the Senate, and the president's veto power. Mr. Debs and Mr. Hearst will put in bids for these advanced thinkers as soon as the campaign warms up.

The French aeroplane man whose machine broke down in an exhibition before the queen of Italy had a tumble of only six feet, and cheerfully remarked: "These are the uncertainties of this profession." The inventor who overcomes this defect will be the winner.

A Grand Family Medicine

"It gives me pleasure to speak a good word for Electric Bitters," Mr. Frank Conlan of No. 436 Houston street New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Chas. Rogers & Son's drug store. 50c.

Lane's Family Medicine is a tonic-laxative. It does not depress or weaken, but imparts a feeling of buoyancy and strength that is delightful. At all druggists 25c.

THE ROSE FESTIVAL.

PORTLAND, June 10. — The great Rose Festival of Portland is now a matter of history. It was easily the most eventful week Portland ever enjoyed. The convention of the Pacific Coast Ad Men's League started at the Commercial Club Monday morning, closing the day with a dinner that was simply perfect.

Admiral Swinburne and the other officers of the Charleston, the Yorktown and six torpedo boats participated in every event, and had much to do with the success of the programme. The parades were all superior, the automobile races were remarkable and the attendance both of visitors and home people at each and every feature, is conclusive proof of the prosperity of the Pacific Northwest.

The Western Master Printers Association, composed of all the leading printers between the Rocky Mountains and the Pacific Ocean, met in convention at Portland last week. They are now thoroughly organized and every important city on the Coast is represented upon the Executive Board.

In the valley around Cove, Oregon, there will be produced this year two hundred tons of cherries and five hundred cars of apples. The people there realize that they will need from two hundred and fifty to three hundred people in addition to their local population to pick and pack the cherry crop.

A special Portland excursion party will attend the Commencement Exercises of the Oregon State University on June 24th.

The Oregon Association of Title Men, which will affiliate with the National Association of Title Men, was organized at Portland on Saturday. Delegates from many sections of Oregon were given a banquet by the Portland fraternity Saturday evening.

With the election over and the assurance of a great cherry and berry crop, the people of all Oregon should "get busy" and advertise more than ever before. With its latest addition, the Toledo Development League, the Oregon Development League now has eighty-three members.

Under the new national banking law, approved May 30th, Oregon's added quota of currency will be \$2,114,000.

A GOOD REASON.

Astoria People Can Tell You Why It Is So.

Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that cause back-ache, headache and distressing kidney and urinary complaints. Astoria people testify to permanent cures.

Wm. Joyce, 412 Duane street, Astoria, Ore., says: "At the time I began using Doan's Kidney Pills, I was enduring a great deal of suffering from my kidneys. The secretions from these organs were so profuse as to give me a great deal of annoyance. As a result of not getting my proper rest at night, I would rise in the morning feeling more tired and weak than when I went to bed and during the day felt weak and languid. The slightest exertion caused severe pains through my back and hips. I tried liniments and plasters but did not receive any relief until my attention was drawn to Doan's Kidney Pills. I desired to give them a trial and procured a box of Chas. Rogers & Son's drug store. They helped me so greatly that I procured a further supply; used them and was entirely cured. I am now in unusually good health and do not hesitate to attribute same to the use of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Orin's Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference."
